### GUARANTEE PERIOD

The guarantee period is 24 months for the work for which the machine is intended. The guarantee period starts from the date of delivery of a new machine to the end user providing that the seller has notified the end user's contact details to Junkkari Oy in writing [junkkarisales@msk.fi](mailto:junkkarisales@msk.fi). The work must always be agreed separately with the after sales manager of Junkkari Oy. If it is required that the work is compensated according to the warranty, it must be agreed separately. Guarantee repairs do not extend the guarantee period.

The guarantee does not cover indirect damages, down time, loss of earnings, travel expenses, freight, daily allowances, overtime or alterations to the original structure. The guarantee does not cover damages caused by transport, vandalism, theft or other such incidents.
